For immediate release

The Koehler Group Donates 1,000 Euros to Lebenshilfe Offenburg-Oberkirch-Lahr e.V.

- **Employees contribute to calendar fundraiser for a good cause**
- **Joint commitment to the community**
- **Proceeds go to Lebenshilfe Offenburg-Oberkirch-Lahr e.V.**

Oberkirch, Germany, 09/22/2026 – Koehler Group employees once again showed their community engagement by participating in a special fundraiser: At the beginning of the year, they were able to get a copy of the company's popular fine paper art calendar in exchange for a donation. The executive board then topped up the proceeds from the fundraiser to reach a total of 1,000 euros. The money was presented to Lebenshilfe Offenburg-Oberkirch-Lahr e.V., an organization that works on helping people with disabilities live as independently as possible while remaining in charge of their own lives.

Employees Contribute to Calendar Fundraiser for a Good Cause

For many years now, the annual art calendar released by Koehler has been tremendously popular. The 2026 version was produced in collaboration with renowned photographer Michael Corona, a landscape and nature photographer from the Black Forest who lives in the German town of Todtnau and has specialized in depicting mystical shows of light, rolling mists, and alpine motifs. The brilliant photography and exquisite feel of the resulting calendar make it a one-of-a-kind visual and tactile experience. To put it simply, each calendar page is its own work of art, ensuring that the whole thing will be a sophisticated companion for the entire year. By making a donation, Koehler employees were able to get a copy of the calendar with Michael Corona's photographs.

A Joint Commitment to the Community

With this fundraiser, the Koehler Group brought together an appreciation of its premium fine paper offerings with support for an important social service organization in the region. Among other things, Lebenshilfe Offenburg-Oberkirch-Lahr e.V. assists and supports people with disabilities and their families while advocating for their full participation in society. "Our employees' dedication to our communities always fills me with joy. In fact, the large number of people who helped with the fundraiser shows just how important social responsibility and solidarity are to the people in our company. And when we all pull together, we can make an important contribution to invaluable local initiatives such as this one," says Koehler Group CEO Kai Furler.

Proceeds Go to Lebenshilfe Offenburg-Oberkirch-Lahr e.V.

The people at Lebenshilfe Offenburg-Oberkirch-Lahr e.V. were thankful for the donation. Chairman Achim Feyhl had the following to say: “We’re delighted with this extremely generous donation from the Koehler Group. This type of support makes it possible for us to maintain and improve the broad range of support and advocacy services we offer to people with disabilities and their families.” Accordingly, this donation underscores the Koehler Group’s ties to the community and its commitment to local social projects.

About the Koehler Group

The Koehler Group was founded in 1807 and has been family-run from that moment to the present day. The group's core business activity lies in the development and production of high-quality specialty paper. This includes—among others—thermal paper, playing card board, beverage coasters, fine paper, carbonless paper, recycled paper, decor paper, wood pulp board, sublimation paper, and also innovative specialty paper for the packaging industry. In Germany, the Koehler Group employs around 2,500 people across five production sites, with three additional sites in the USA. The group operates internationally, with an export share of around 70% in 2024, and brings in an annual turnover of around 1.1 billion euros.

As an energy-intensive company, Koehler invests in renewable energy projects such as wind energy, hydropower, photovoltaics, and biomass with its Koehler Renewable Energy business unit. The Koehler Group is committed to generating, on an annual basis, more energy from renewable sources than is required for its paper production operations by 2030.

With its Koehler Innovative Solutions division, the Koehler Group is collaborating with start-ups to promote innovations in the core business segments “paper” and “renewable energy”.
